

Quassel IRC - Feature #1082

Live backup support

06/12/2011 12:31 PM - Tobu

Status:	New	Start date:	06/12/2011
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Quassel Core	Estimated time:	0.00 hour
Target version:			
OS:	Any		
Description			
<p>Right now it is not possible to back up the quassel database without stopping quasselcore. cp copies invalid data (Error: database disk image is malformed), and something like sudo sqlite3 /var/lib/quassel/quassel-storage.sqlite ".backup \$dest/quassel-storage.sqlite" fails with Error: database is locked. Apparently sqlite live backups are only possible using an in-process API: http://www.sqlite.org/backup.html</p>
