

Quassel IRC - Bug #1090

changeBuffer() fails if trying to skip over a group with no children

08/02/2011 05:04 PM - FishFace

Status:	Resolved	Start date:	08/02/2011
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Quassel GUI (Qt)	Estimated time:	0.00 hour
Target version:	0.7.4	OS:	Any
Version:	0.8-pre		
Description			
<p>This can be seen by, for example, using the shortcut for "next buffer" when currently in the last buffer of a group, when the next group is empty but there are nonetheless later buffers open. Or diagrammatically:</p> <ul style="list-style-type: none">• Quakenet<ul style="list-style-type: none">◦ #channel◦ #currentchannel• FreeNode• OFTC<ul style="list-style-type: none">◦ #iwanttogohere <p>Shouldn't be too hard to fix. I can envisage having a method to get the next/previous buffer being useful.</p>
