

Quassel IRC - Bug #1420

Slow part from channel with many users

09/16/2016 12:26 PM - heftig

Status:	New	Start date:	09/16/2016
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		OS:	Linux
Version:	0.12.4		
Description			
<p>/parting a channel with many users freezes the UI for a while; with a 1600 user channel for about five seconds.</p> <p>The remote core (using postgresql) also outputs a message for each user in the channel:</p> <p>Warning: Channel "#channelname" received data for unknown User "username"</p>
