

## Quassel IRC - Bug #209

### multiple lines in a buffer are sent automatically upon a paste

07/05/2008 02:23 PM - al

<b>Status:</b>	Resolved	<b>Start date:</b>	
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>	Sputnick	<b>% Done:</b>	100%
<b>Category:</b>	Quassel GUI (Qt)	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	0.5.0	<b>OS:</b>	Any
<b>Version:</b>	0.4.0		
<b>Description</b>			
multiple lines in a buffer are sent automatically upon a paste, which can result embarrassing or at least unwanted side effects			
<b>Related issues:</b>			
Related to Quassel IRC - Feature #213: Add a multiline write line with a toog... <b>Resolved</b>			

#### Associated revisions

##### Revision f047a4f7add72ef7e32ad33f884e62a5773ecc72 - 08/16/2009 01:03 PM - Manuel Nickschas

Introduce multi-line editing for the inputline

This introduces the new MultiLineEdit that basically enhances the old InputLine widget by being able to expand to show more than one line. All non-editing related things have been moved out of the MultiLineEdit to ease reuse in other widgets. For example, InputWidget-specific keypresses are now handled in InputWidget rather than MultiLineEdit.

Closes #209, closes #213, fixes #386. Thanks to Squider for input (I saw your patch too late, but I did refactor things anyway...)

#### History

##### #1 - 12/28/2008 01:50 AM - Sputnick

- Priority changed from High to Normal

##### #2 - 03/17/2009 11:56 PM - DevUrandom

How is this related to [#443](#), which is about tab completion?  
It is merely related to [#386](#), imo.

##### #3 - 08/14/2009 08:19 PM - Sputnick

- Status changed from New to Assigned

- Assignee set to Sputnick

- Target version set to 0.5.0

##### #4 - 08/16/2009 01:04 PM - Sputnick

- Status changed from Assigned to Resolved

- % Done changed from 0 to 100

Applied in changeset [f047a4f7add72ef7e32ad33f884e62a5773ecc72](#).
