Quassel IRC - Bug #287

usermodes are not correct shown user/op/admin

08/16/2008 11:24 PM - bdgraue

Status:	Resolved		**Start date:**	
Priority:	High		**Due date:**	
Assignee:	EgS		**% Done:**	0%
Category:	General / Unspecified		**Estimated time:**	0.00 hour
Target version:	0.3.1			
Version:	0.13.1		**OS:**	Any

Description

in irc.bongster.net they use

% = halfop
@ = op
! = admin

quassel shows the sign before the usernames, like

@username
%username
!username

but does not sort them as user/operator like in freenode or quakenet

Additional information:

network: irc.bongster.net
channel: #stayblue

konversation and java-browser-irc show the modes in the same way on all server, also on irc.bongster.net

This is fixed quite a while ago. Maybe already in 0.3.0.
On a personal note: i don't recommend connecting to this network as I immediately got highly suspicious notices... -.-
