<b>Version:</b>	0.13.1		
<b>Description</b>			
On networks that allow the topic of a channel to be queried without being on the channel (eg Unreal-based networks), this bug can be reproduced with these steps: 1) Find a channel that you're not on, e.g. using /list 2) Type /quote topic #channel The core receives the topic message, and crashes when it is unable to find a corresponding IrcChannel.			

#### History

##### #1 - 10/04/2008 12:37 PM - yofel

also the core crash takes the client with it...

##### #2 - 10/05/2008 03:25 PM - TerrorBite

[yofel](#): When I discovered it, my client survived the core crash.
