Quassel IRC - Bug #399

Quassel settings dialog should always stick before the main window

11/10/2008 07:12 PM - billie

Status: Resolved Start date: **Priority:** High Due date: Assignee: Sputnick % Done: 0% Category: **Quassel Client Estimated time:** 0.00 hour Target version: 0.3.1 Version: 0.13.1 OS: Any

Description

All quassel pop up windows stay in the foreground of the quassel main window instead of the settings dialog. This is a bit annoying as it is difficult to get it back to the foreground again.

I would like that all dialogs but the main window are modal.

#2 - 11/16/2008 02:12 AM - Sputnick

Made the settings dialog modal. This used to be non-modal because it was supposed to be only instantiated once at application startup, but this has been changed a while ago.
