

Quassel IRC - Bug #711

When giving operator status to a person, the user list does not display the new operators

05/30/2009 11:08 PM - Vloeck

Status:	Resolved	Start date:	05/30/2009
Priority:	Normal	Due date:	
Assignee:	EgS	% Done:	100%
Category:	Quassel Client	Estimated time:	0.00 hour
Target version:	0.4.3	OS:	Any
Version:	0.4.2		
Description			
When giving operator status to a person, the user list does not display the new operators, but the oped ones are removed from it			

History

#1 - 06/04/2009 11:35 PM - sph

Yeah, this is confirmed, it surprises me I hadn't filed a bug report for it yet :)

EgS and I managed to reproduce it:

```
[19:59:14] --> sph_ (n=sph@...) has joined #blablablalatest
[20:45:54] --> EgS (n=egs@quassel/developer/egs) has joined #blablablalatest
[21:16:24] <sph_> let's see if we can reproduce it here!
[21:16:27] *** Mode #blablablalatest +o EgS by sph_
[21:16:28] <sph_> yep
[21:16:35] <sph_> no more EgS in the list ;)
[21:16:38] <EgS> ok I see it too :)
[21:16:48] <sph_> it happens when one group is closing
[21:17:00] <EgS> I see
[21:17:03] <sph_> ie. when the last user/voice is moving group i think
```

Restarting the client fixes it so it's probably a simple bug in there.

#2 - 06/07/2009 11:49 PM - EgS

- Category set to Quassel Client
- Status changed from New to Resolved
- Assignee set to EgS
- Target version set to 0.4.3
- % Done changed from 0 to 100

Fixed in git: <http://git.quassel-irc.org/?p=quassel.git;a=commit;h=429a6a571737b19bb60c165874fda0d74dab78da>
