

Quassel IRC - Bug #745

Please implement the 512 byte protection for /join

07/14/2009 11:23 AM - jussi01

Status:	Resolved	Start date:	07/14/2009
Priority:	Normal	Due date:	
Assignee:		% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:		OS:	Any
Version:	0.4.2		
Description			
[12:21:02] <jussi01> EgS: I feel like complaining that same complaint... and the joining of partial channel names pisses me off as well - do you know how many times I've joined #ubunt after auto rejoin?			
[12:21:23] <Sput> jussi01: remind me to implement the 512 byte protection for /join :)
