

Quassel IRC - Feature #752

Possibility to configure flood control

07/26/2009 05:07 PM - Toni

Status:	Resolved	Start date:	07/26/2009
Priority:	Normal	Due date:	
Assignee:		% Done:	100%
Category:	Usability	Estimated time:	0.00 hour
Target version:	0.13.0		
OS:	Any		

Description

It would be great, if one could configure the intervals in which flood-messages are sent or if one can simply disable flood protection. The flood protection is very annoying on private irc-servers, where users are allowed to and want to post bigger texts like some piece of code.

It should be possible to configure flood control separately for every irc-server.

History
