

Quassel IRC - Bug #764

client crashes on lines from nicks like " __ "

08/08/2009 12:06 PM - m4yer

Status:	Resolved	Start date:	08/08/2009
Priority:	Normal	Due date:	
Assignee:		% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:		OS:	Any
Version:	0.5-pre		
Description Quassel crashes if a nick only contains underscores. we found out, that the fault should be in uistyle.cpp, line 695 <pre>while(nick.at(nick.count() - 1 - chopCount) == '_')</pre> in case of __ nick it strips all of it. if needed Ive also got a crashlog here. Crazy_Hopper already provided a patch, that i attached: <Crazy_Hopper> Here is the simple patch to fix the crash. It's against the latest git. <Crazy_Hopper> http://nestsite.selfip.net/~eugene/quassel_nick_hashing.patch <Crazy_Hopper> it makes sure that at least one symbol remains after chopping the nick
