

Quassel IRC - Bug #776

quasselcore does not automatically cycle irc servers in case one fails

08/26/2009 10:10 PM - DevUrandom

Status:	Resolved	Start date:	08/26/2009
Priority:	Normal	Due date:

Target version:		OS:	Any
Version:	0.5-pre		

Description

When an irc server cannot be connected to, quasselcore will not automatically cycle to the next server in the list. I have to manually press the "connect" button again to make it cycle, for each failed server.

[press connect]
Connecting to ipv6.chat.eu.freenode.net:6667...
Connection failure: Network unreachable
[press connect]
Connection failed. Cycling to next Server
Connecting to ipv6.chat.freenode.net:6667...
Connection failure: Network unreachable
[press connect]
Connection failed. Cycling to next Server
Connecting to chat.eu.freenode.net:6667...
[...]

Version is 0.5_rc1.
