<b>Target version:</b>	0.6.0		
<b>Version:</b>	0.5.0	<b>OS:</b>	Linux

#### Description

I use quassel 0.5.0 on ubuntu 9.10 (both server and client).

I found that when the nickname is half-hidden in the chat area it does not show up.

You can look at the attached screenshots.

For my opinion nickanmes should always be shown in the chat area and can't see any reason why we have that vertical line to move.

#### History

#1 - 03/09/2010 11:22 PM - johu

- Status changed from New to Resolved

- Assignee set to MarcLandis

- Target version set to 0.6.0
