

Quassel IRC - Bug #853

/msg does not add message to chat buffer log

11/11/2009 06:52 PM - Creap

Status:	Resolved	Start date:	11/11/2009
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		OS:	Any
Version:	0.4.3		
Description			
If I /msg a user and also have a query chat buffer with that user, the message is not added to that query window/buffer log as expected.			
The message is hard to find since you don't know which buffer window you happened to have active when you typed it.
