

Quassel IRC - Bug #959

Bug in PostgreSQL migration

05/04/2010 02:52 AM - amiconn

Status:	Resolved	Start date:	05/04/2010
Priority:	Normal	Due date:	
Assignee:	Sputnick	% Done:	100%
Category:	Quassel Core	Estimated time:	0.00 hour
Target version:	0.6.2	OS:	Any
Version:	0.6-pre		
Description			
When migrating from SQLite to PostgreSQL, the 'joined' status of all buffers isn't migrated properly. They're all set to 'not joined'. The problem is that the column IDs in sqlitestorage.cpp after 'buffer.markerlinemsgid' are off by one. Fix attached.
