**Description**

My core is connected and working as MJ94 on freenode and various nicks on various networks. I went into my Mac client of Quassel, and it's totally blank. See: <http://tinypic.com/view.php?pic=15hcvx0&s=6> - even though nicklist and chatlist and chat messages should be showing, and I'm connected. Everything's blank.
